A Reminiscence.

Speaking, recently, of Wm. C. Searcy getting rid of the rebel bullet received at the battle of Prairie Grove, reminds me that there are a number of others in North Edge, Kansas who bear marks received in the same fight. One of these is John A. Augustus and another, John H. Knapka in Northern Kansas, and their first battle was Prairie Grove, early in the following December. We believe it was also the first battle for the 10th Kansas. From a report now before us, we find the following list of those killed and wounded in the battle of the State:

THE FOURTH IN THIS COUNTY.—In this County, the Fourth was celebrated at Watheua, Severance, and Iowa Point.
At Watheua, they had an interesting time. The Cultivators held a picnic, and hundreds were present from St. Joseph. Baked bread was won by one of the two parties every hour during the day.
There was also a big time at Severance. Many of the Troy people celebrated the Fourth there. Our reporter

we write about it.

We have heard from Iowa Point; but from the prisoners, and the numbers who intended going, we have no doubt that they had a good time.

Strayed or stolen, a boy about the size of a man, with a glass eye and a wooden leg. Supposed to be the son of a carpenter. Was last seen at Rickford & Sinclair's, buying Soda Water at 3 cents a glass.

C. C. G. Bridges has lent a memorandum book, with his name written in it. Nothing of value to any other person. The finder will confer a favor by returning it.

We understand there has been a case of overdrinking in the saloons in town, within the past week; but the patient is recovering.

Bill Mann makes the Fly Note in the State for 5c. Go and see them.

Just received at Rickford & Sinclair's, a large stock of Will be sold low for cash.

REVENUE ITEMS.

The Fourth passed off as well as could be expected. The rain was very warm, and owing to the crowd of people, the race seemed intense. It is estimated that some 2,000 people were on the ground. There was some fault found be-

new seats were so few; still, the people of Severance could not be blamed for that—they did more than they could for the cause of the poor. The speeches, orations and addresses were good. All did well. To say that the subject orating on the 4th is made up, is not correct: there is something always new and good. Special mention is made of Rev. Samuel McCary, for his fine address to the Sabbath School.

Our Highland neighbors were down in goodly numbers, amongst those whom we noticed rather conspicuously on Highland, was the tall, red face, red head, red whiskers, of Trevelt. As usual, he was free and independent. He was not so much as he would be expected; they say that some old time.

Wm. M. Shepherd, of Fleming & Shepherd bought a fine lot of cattle of Jack Pry, on Saturday last. They were taken to Atchison, owing to the condition of the bridge at St. Joe.

The wife of Wm. Quinlin died on last Saturday.

Elizabeth Bell gave a fine horse, on Saturday last.

The bell given by A. Sandford, on the evening of the 4th, was a fine one.

THE RIVER.—The Missouri River has been steadily rising since several weeks, and is now higher than at any time since its memorable high water of 1864. Between Watrous and Council Bluffs it is about 10 feet above the normal stage. The river is overflowing, causing much trouble to the railroad. In the vicinity of Gordon's, the road-bed is under water, and considerable crushing out. A large number of hawks are being killed by the flooded fields. The grass is being washed away from the banks, and the heavy train is detained from one to three hours. There is also trouble on the St. Joseph and Council Bluffs Railroad. Near Hamburg, Iowa, a few years ago, the river

⚡ They are now planning to lay a new channel, and the railroad track was run over the old channel. Since the rise of the river has been so great, the new channel will have to be built on the railroad track. It will require several weeks to build a new track.

⚡ The County Board was in session, Monday and Tuesday, and was surrounded and thronged with a dense crowd, eager to have their enormous burdens of tax assessed, reduced to a few dollars. We believe most of the squalling was in the town of Troy.

⚡ We paid our first newspaper postage last week, having paid none for the first quarter of our exchange. We are assessed about \$20 a year to make up Lorne's increased liability and back pay annual.

⚡ It rained in this country on Easter Sunday, and has rained every Sunday since—a period of three months.

Centaur Liniment.

There is no pain which the Centaur Liniment will not relieve, nor swelling it will not subside, and no lameness which it will not cure. This is strong language, but it is true. Where the parts are not gone, its effects are marvellous. It has produced more cures of rheumatism, neuralgia, back-jaw, sprain, sprain, swelling, caked-breasts, swellings, burns, salt rheum, varicose, &c., upon the human body, and of strains, sprain, galls, &c., upon animals in a year than have all other pretended remedies since the world began. It is a counter-irritant, an all-healing pain reliever. Cripples throw away their crutches, the lame walk, poisonous bites are rendered harmless and the woman is healed without a scar. It is no humbug. The receipt is published around each bottle. It is selling as no other article ever before sold, and it sells because it does just what it pretends to do. Those who now suffer from rheumatism, pain or swelling deserve to suffer if they will not use Centaur Liniment. More than 1000 certificates of remarkable cures, including from limbs, chronic rheumatism, gout, running tumors, &c., have been received. We will send a circular containing certificates, the recipe, &c., to any one requesting it. One bottle of the yellow wrapper Centaur Liniment is worth one hundred dollars of any other medicine. It is a certain cure for all the diseases of the spine or swollen horses and mules, or for swellings in sheep. Stock-owners—this Liniment is worth your attention. No family should be without Centaur Liniment.

The Kansas Educational Journal, the educational organ of the State, copies the *Chief's* report of the commencement exercises of Highland University, furnished by "Hackett," out of the numerous reports published in the *Chief*. The editor, on instructions from the board, says every day he reads some of the reports and will not permit to give our readers some of his live items every week.

✓ We are in receipt of a valuable work, a "Compendium of the Ninth Census of the United States," under the frank of Senator Pomeroy, for which he has our thanks. It is this would seem to indicate, contrary to the general impression, that Senator Pomeroy is still in United States Senate, and secondly, that the franking privilege is not abolished.

✓ L. O. G. F. - The following are the officers of Highland No. 66, L. O. O. F. for the present term: R. W. Swabridge, N. G.; E. S. Irvin, V. G.; Wm. Brazier, R. S.; John Bissler, P. S.; S. F. Ambush, Treas.; W. Trevett, Representative to Grand Lodge.

✓ We received a call this week, from Mr. Haynes, of Joseph, who has come for building the two bridge across Wolf River - one at Rayne's, the other at Leona. He thinks they will be in readiness to commence work on or in two or three weeks.

✓ Best Black Tea, only one dollar per pound, at Bickel & Stinchler's.

✓ Col. Ege was brought home from St. Joseph, Mo., very sick. He had gone there for some harmful medicine, and was taken down, and almost died. The Col. is very old, and cannot stand rough and tumble life as once could.

✓ The total assessed value of Dunthorn County, in 1872, was \$100,362 less than in 1871; and in 1873, it is \$98,000 less than in 1872. At this rate, Dunthorn County, in a few years, will be subject to re-entry by a new Act of plotters.

✓ We have received from Alfred Gray, Secretary of the Agricultural Society of Kansas, for 1872. It came just in time to receive the benefit of Senator Ingalls' frank.

P. L. D. Stoeckel, the old and reliable watchmaker, may always be found on hand, ready for business, at his shop, two doors north of the City Hotel, where he can do a job of repairing that you can rely on.

On Monday, Leonard Smith, of Highland, commenced running a daily hack line between Highland and Seneca, connecting with trains on the St. Joseph and Denver Road.

A daughter of John Lamelle, of this vicinity, aged about 15 years, died on Monday morning, after an illness of about two or three days.

Several of the citizens of Troy have learned to drink greens in their liquor, during the present heated term.

Dowel disorders, from simple diarrhoea to flux, are quite prevalent in this section.

A Word to Travelers!

We have a word to say in favor of the Missouri Pacific Railroad. It was the "pioneer" line Westward, and is the most reliable route from St. Louis to the important cities of the West. The service has been during the past year, we believe at the Missouri Pacific Railroad has the best track and the finest and safest equipment of any line west of the Mississippi. It is the only line which runs three daily express trains between St. Louis and Chicago, equipped with the Miller platform and the patent air brake, and having leading points in the West, through Kansas City, Seaside, Omaha and Jefferson City to St. Louis without change, connecting at St. Louis with down-fair-therough through routes to all the principal cities of the South and Southwest. At each of its main stops, time tables, etc., may be had at the various "Through Ticket" Railroads Stations in the West, or upon request or written application to G. H. Baxter, Western Passenger Agent, Kansas City, Mo., or E. F. Foster, General Passenger Agent, Omaha, Ne., or St. Louis.

Manhood: How Lost, How Restored.

Just published, a new edition of **Dr. Culverwell's Celebrated Restorative**—the most potent cure (without medicines) of **STRENGTHlessness, or Sexual Weakness, Hereditary Venereal Sores, Gonorrhea, Mental and Physical Impotency, Impediments to Marriage, etc.** Also, **CONSUMPTION, Hemorrhage and Erys.** Induced by self-indulgence or sexual extravagance.

U. S. Price in a sealed envelope only 50 cents.

The celebrated author, in this admirable essay, clearly demonstrates from a thirty years' successful practice, that the alarming consequences of self-abuse may be radically cured without the dangerous use of internal medicine or the application of the knife; pointing out a mode of cure at once simple, certain and effectual, by means of which every sufferer, no matter what his condition may be, may cure himself cheaply, privately, and radically.

U. S. Price. This lecture should be in the hands of every youth and every man in the land.

Sent, under seal, in a plain envelope, to any address, post paid on receipt of 50 cents in Two Post Stamps.
